Hugue

The origin of this name is uncertain. Some have supposed that it was given them because their leaders used to assemble at a gate called Hugo, near Tours. Others say that the name is derived from an old Swiss word, meaning a league, or covenant.

About the time when the Huguenots were suffering most severely from the rough and cruel treatment of their enemies, the Baptists, there lived a little boy named Theodore Agrippa d'Aubigne. His father was a distinguished man, not only as a soldier fighting the enemies of his country, but as a brave and heroic defender of the faith of Jesus Christ. One day the little Theodore accompanied his father to Paris. They were followed by a small band of Huguenot soldiers. This was quite necessary, as it was unsafe for a Protestant of rank to pass along the streets without a guard to defend him in case he should be recognized and attacked.

Riding through a small town, they were shocked to see the bodies of several Protestant heroes, who had been put to death by their Romish persecutors, hanging from a huge beam that had been stretched across the street for the purpose. Theodore's father pointed them out to him, and taking advantage of the dreadful scene, sought to impress upon his youthful heart and mind the lesson of heroism and devotion to the true faith, which these men by their lives, and afterwards by a cruel death, had taught. He urged him to love, and as he grew older, to defend on every occasion, whenever they were attacked, the precious doctrines of the Cross. His voice was so dis-

intents, and would have seized him little Theodore had it not been his faithful attendants, who, with some difficulty, succeeded in getting both father and son safely through the enraged crowd.

A short time after this, Theodore was sent to Genoa to school. On the way, he was arrested and delivered to the tender mercies of an inquisitor notorious for his cruelty. This wicked priest used every means in his power to turn the child from his Protestant faith. At last he told him that if he did not repent and say mass for his soul, he should be burnt at the stake. The noble boy replied, without the slightest sign of fear or agitation; "My horror of the mass prevents me from dreading the stake."

He was then hurried off to prison. During the night one of the guards, being more tender-hearted than the rest, resolved to save him. He escaped with the child, and after traveling night and day, arrived safely in front of the father's castle.

Theodore grew up a brave and pious youth. He held a high and honorable position in the court of King Henry of Navarre, and became one of the most distinguished of the Protestant leaders of his day.—*Busy Bee.*

CAROLINA TIMES.

R. P. WARING, Editor.

CHARLOTTE.

Monday, July 19, 1860.

We have no further news from the seat of war. The killed and wounded are all doing well. The "Hon." Joseph William will have sufficiently recovered by the 1st of October to stand another mill.

The "Hon." Joseph William will be a little more particular in selecting a "foeman worthy of his steel" the next time. A handsome accomplishment is this for a Speaker of the "House of Representatives!" Go it Joe! Go it town-bully!

The Rings that Rule in Washington.

Last fall a distinguished journalist went to Washington with instructions to look impartially at the transactions there, and write the truth, regardless of consequences. I did my best to comply with his request. I strove to lift myself above partisanship, considerations and feelings, and give to print a fair statement of all that could be seen. I say now as I wrote it then, with a sickened heart, that we have the most corrupt Government in the world. It is run by rings. There is no moneyed interest in the land that is without its rings in Washington. We have railroad rings, landjobbing rings, Indian Bureau rings, whiskey rings, promotion rings, that branch off in every conceivable direction. And they were intriguing, caucussing, boring, and, through wine and women, bribing without cessation.

I do not wish to be understood as charging that a majority of our representatives in Congress are dishonest men. On the contrary, I was surprised to find that, living in this atmosphere and under these influences, there were so many pure and upright men. But I will say, without fear of successful contradiction, that adding the incapables to the rogues and they made the majority.

Not the least disheartening part of all this is to be found in the utter indifference with which the public at large regard all this. It is no longer a thing to conceal. It has ceased to be a dishonor to defraud. I saw senators who came to Washington with scarcely money enough to pay boarding-house bills, rolling over the street in splendid equipages, and entertaining society in palatial residences. They are now millioneires, and not only tolerated, but followed, flattered, sought and sued by men and women who would be honest were it the fashion. Turn from men who have made their fortunes out of their places, it is to stare at men who bought their way in.

TERRIBLE EXPLOSION OF NITRO GLYCERINE.—A ship laden with nitro-glycerine arrived on Tuesday, June 29, at Carnarvon Bar, Wales, and the cargo was thence conveyed in boats to Carnarvon Pier. In the afternoon five cart loads were dispatched, two for Asheton Smith, Llanberis quarries. When the former two were near Cwymglo a terrible explosion took place. The horses and three men were blown to atoms. The cart-wheels and portions of the cart were thrown nearly a mile. The adjacent villiage, nearly a quarter of a mile off, was greatly injured, roofs and windows blown off, and at the spot where the carts were, two round holes six feet deep and seven feet in diameter, were made. The railway station, forty yards off, was blown to pieces. The whole valley at the foot of Snowden, and two large lakes suffered a tremendous shock, the damage done all around the valley being very great. The shock was felt at Bangor, and for miles around. The quarrymen, 300 yards off, were severely injured.

PROTESTANT CHRISTIANS IN INDIA.—It is estimated that there are two hundred thousand native Protestant Christians in India. These are living witnesses of the utility of missionary operations. To be a Christian in heathen lands, means a great deal. Only the sincere will make a profession of the faith, when by so doing they lose caste with their people, and no power but the grace of God can sustain them. The results of their pious, devoted lives are visible in the influence they exert. Each convert is a preacher, a living epistle, setting forth the power of God. They will accomplish much for the spred of the Gospel among their race. Yet when we remember the millions who throng the Eastern continent, we are constrained to say, "What are these among so many."

THE RAILROAD WAR FINALLY SETTLED.—The celebrated "railroad war," which was waged for so long a time with so much bitterness between the South Carolina and Columbia and Augusta Railroad Companies, was finally settled on yesterday. On yesterday the Columbia and Augusta Railroad paid to the South Carolina Railroad the amount of bonds of their road, endorsed by the Charlotte and South Carolina Railroad, which it agreed to pay for the use of the track and bridge of the Carolina Company.

HON. MAYOR DOWD:—As complimenting and "puffing" is now the order of the day, so I have the same right as a tax-payer and one interested in our growth to condemn what I may conceive to be improper. To illustrate: take for instance, Church or College streets, good, wide streets, two-thirds of which are not used, and the powers that be are making side-walks of three to seven feet in width. It is like throwing chaff to the wind; because when our city is a *city*, all that is being done is so much cash expended in vain. Why not give us side-walks ten, or twelve, or even fifteen feet wide in those streets, thus giving us more promenades. There is room enough to make such side-walks. In this age of improvement, why if you walk with your wife or daughter you must take it one at a time, or, in other words, single file. I would like to have some of your Council who have traveled and seen much, to take a peep at College street, especially in front of one of our "Pets," the Charlotte Female Institute. I must most earnestly beg you when you reach that haven, to lay down a different rule, and give us *wide side-walks*. That part of our city seems to be forgotten, as I consider it (College street) progressive. I feel provoked when I see side-walks, in a very beautiful part of our city, (Smithville) two and a half or three feet wide. I never walk in front of the Presbyterian Church that I don't feel proud of such a bold and prominent side-walk. And why cannot you, who have the management of our affairs, think of doing things which look to the advancement and beauty of our city. I do think it is, as I cannot use any other term than to say, dreadful.

RAILROAD CONVENTION.—A meeting of the Presidents and Superintendents of the various railroads in the Southern States convened at the Nickerson House, yesterday afternoon.

On motion of W. A. Smith, President of the North Carolina Railroad, Wm. Johnston, President of the Columbia, Charlotte and Augusta Railroad, was called to the chair, and C. P. Hyde and S. E. Allen were appointed Secretaries

Col. Johnston, upon taking the chair, explained the objects of the meeting to be to arrange a schedule to meet the various opposing lines from New Orleans and Mobile to points North, and as far as possible to harmonize the conflicting interests of the various lines.

The following delegates reported:

D. H. Cram, Superintendent Montgomery and West Point Railroad.

Virgil Powers, Superintendent Southwestern Railroad.

Wm. Rogers, General Superintendent Georgia Railroad.

S. K. Johnson, Superintendent Georgia Railroad, also representing Atlanta and West Point Railroad.

Wm. Johnston, President Charlotte, Columbia and Augusta Railroad.

B. D. Hasell, South Carolina Railroad.

Wm. McRae, Superintendent Wilmington and Manchester Railroad.

S. L. Fremont, Superintendent Wilmington and Weldon Railroad.

Wm. A. Smith, President North Carolina Railroad.

A. S. Buford, President Richmond and Danville Railroad.

E. G. Ghio, Superintendent Seaboard and Roanoke Railroad; also representing Baltimore Steam Packet Company.

R. B. Pegram, Superintendent Petersburg Railroad.

J. B. Gentry, Auditor and General Ticket Agent Richmond, Fredericksburg and Potomac Railroad; also representing Potomac steamers and Richmond and Petersburg Railroad.

E. R. Dorsey, General Ticket and Freight Agent Charlotte, Columbia and Augusta Railroad.

G. J. Foreacre, General Freight and Passenger Central Georgia Railroad.

Caleb Boucknight, Superintendent Charlotte, Columbia and Augusta Railroad.

Geo. Hull, Receiver Wilmington and Manchester Railroad.

H. P. Hamnett, President Greenville and Columbia Railroad.

John A. Bradshaw, Old Dominion Line of Steamships.

The following committee was appointed to arrange schedules: Messrs. Cram, Buford, Smith, Johnson, Rogers, Fremont, Ghio and Forecre.

The following committee was appointed to arrange passenger rates: Messrs. Powers, Gentry, Dorsey, McRae and Ghio.

On motion of Colonel Smith, the Chairman was requested to frame a report and resolutions relative to the Pacific Railroad.

After a recess of several hours, the convention re-assembled, when the Committee on Schedules reported that, owing to the absence of the officers of the roads between Montgomery and Mobile, they were unable to agree upon a schedule at present.

The Committee on Passenger Rates submitted a report, which was adopted.

Messrs. Fremont, Dodamead, Cram, Andrews and Johnson were appointed a committee to frame a schedule as soon as practicable.

Messrs. Ghio, Fremont and Hasell were appointed a committee to devise some plan to protect growers and shippers of vegetables from Southern ports to Northern markets against fraud.

Resolutions favorable to reduced rates for immigrants were adopted. A resolution was also adopted relative to the appointment of a committee to consider the propriety of furnishing tickets at reduced rates to land buyers.—*Columbia Phœnix.*

A Ride With a Lunatic.

The pleasure of railway traveling in England are vividly illustrated by the following incident, which happened on a line near London:

A young lady got into a second class carriage where she was soon joined by a gentleman about 30 years old, whose manner seemed very strange and excited. They were alone in the carriage.

As soon as the train had started this man got up all of a sudden, and began by throwing his carpet bag out of the window, saying:

"This carriage is much too heavy. Come, we must lighten it as much as possible."

He then sat down again, but jumped up a minute after, screaming out:

"It's too heavy! it's too heavy!"

And, so saying, he sent his coat out of the window to join his carpet-bag, then away went his waistcoat, his cravat and his shoes!

He then sat down and appeared to be thinking profoundly. All of a sudden he turned toward the young girl, who was as frightened as possible, and said:

"On your knees madam, on your knees! We will pray for the Duke of Gloucester!"

And he knelt down.

The poor girl immediately obeyed him. The stanger then began praying fervently for the Duke of Gloucester, then for the Duke of York—in a word for all the Dukes of Great Britain and Ireland.

He then sat down again. The young lady, more dead than alive, was in a corner of the carriage, a prey to the most profound terror.

Nevertheless, this strange person soon began to feel less quiet.

"This can't go on," he said; "it is really much too heavy—much too heavy. The train will soon have to stop—it won't be able to go on. Come, now, we must lighten it. One of us must get out. I won't, I suppose you jump out of the window."

And he walked resolutely up to the cowering girl.

But she said to him, crying:

"Oh, sir, do stay for one moment; we've not yet prayed for the Duke of Northumberland."

"You are right; we had forgotten him. On your knees, and let's pray for the Duke of Northumberland!"

They were still in deep prayer when the train arrived at the station, and the young girl fainted in the arms of some friends who were waiting for her.

Her companion was arrested, and soon recognized as a lunatic who had escaped from Hanwell.

DRIED UP.—The vegetables and young crops in the immediate vicinity are completely "dried up and withered." Scarcely a sign of life is apparent about them, and we fear that rain if it comes even now will be too late to work their redemption. Even young oaks and other trees can be seen dead along the roadsides, the sap of life destroyed by the fire at their very roots.—*Journal.*

SUDDEN DEATH OF A SOLDIER.—Sergeant Shupe, of the United States army, Ordinance Sergeant at Fort Caswell, died suddenly of heart disease at his post of duty yesterday morning about 8 o'clock. He was a German by birth, and is spoken of as a good soldier.—*Ib.*

SPECIAL NOTICES.

A book by General Lee will awaken such special interest, that we are glad to call attention to it. The UNIVERSITY PUBLISHING COMPANY of No. 4 Bond Street, New York, announce that they have now in press, and will issue in a few weeks, "Memoirs of the War," by Gen. Henry Lee, thoroughly revised and corrected by Gen. R. E. Lee who has added, also, an entirely new biography of his father, prepared by him from private and personal materials never before used. It will be a large and handsome octavo volume, illustrated by new steel portraits of Gen. Henry Lee and Gen. Nathaniel Greene, beautiful steel engravings of "Marion Crossing the Pedee," and the "Surrender of Cornwallis," and five original maps and plans. Our readers need not be told that this is a work of great interest and value. It is the standard history of military operations at the South during the revolutionary war, and as such is a book which every reading man should possess; but its interest and value are both greatly increased by Gen. Robert E. Lee's thorough revision and correction, and by the valuable biography of his father which he has written and added to it.

We are sure that this announcement, alone, is sufficient to give the book a very great sale, but when we add that Gen. Lee is personally interested in its publication, such a sale is made certain.

As we learn that the book is to be sold by canvassing agents only, the &c. who desire to engage in its sale at S. make early application to the pub- ers. ed English, Marble Clocks, Rosewood

Summer Puzzle—How to Escape 10 to $100.

It will not do to trifle with the heat hot weather. Vigor oozes through the N. at every pore, and it is by physical rig York only that unhealthy influences can be baffled and repelled. The vital elements are evaporated in perspiration. Intense heat converts a man into a self-acting pump, and the moisture that is pumped out of him is derived from the well-springs of life within him. There is great need, therefore, that these sources of physical strength should be in a condition to bear without danger or inconvenience the extraordinary duties. If they are not in such a condition, the individual becomes languid and low-spirited.

The main thing is to keep the digestive apparatus in good working trim; for if the stomach, the purveyor of the system, does its duty thoroughly, the liver, the bowels, the brain, and the nervous system, being duly nurtured, will be likely to do theirs. In view of these facts, it is manifest that a powerful and wholesome vegetable tonic like HOSTETTER'S STOMACH BITTERS is especially required at this enfeebling season. It is the most admirable of all correctives and invigorants, and for this reason: it does not over-stimulate the system. The proportions of aperient, tonic and stimulating components are so judiciously graduated, that the processes of invigoration and purification go on simultaneously, and no undue excitement is created in the circulation of the brain. All unmedicated stimulants, however pure, excite the pulse and the nervous system. Their exhilarating effect is temporary, and when it passes off the physical and mental depression they were employed to remove returns in an aggravated form. But this is not the case when HOSTETTER'S BITTERS are taken as a stomachic and nervine. The medicinal herbs, roots and gums with which they are impregnated, neutralize the exciting principle of the rye spirit which forms their basis, and which is in itself the most wholesome of all the varieties of alcohol.

PAIN KILLER.

MANHATTAN, Kansas, April, 17, 1860.

MESSRS. PERRY DAVIS & SON.

GENTLEMEN:—* * * I want to say a little more about the Pain Killer. I consider it a very valuable medicine, and always keep it on hand. I have traveled a good deal since I have been in Kansas, and never without taking it with me. In my practice I used it freely for the Asiatic Cholera in 1849 and with better success than any other medicine. I also used it here for Cholera in 1855, with the same good result.

A. HUNTING, M. D.

* * * I regret to say that the Cholera has prevailed here of late to a fearful extent. For the last three weeks, from ten to fifteen or sixty fatal cases each day have been reported. I should add that the Pain Killer sent recently from the Mission House, has been used with considerable success during this epidemic. It taken in season, it is generally effectual in checking the disease.

FERTILIZERS.—The Charleston *Courier* of the 10th inst., contains the following notice:

Cotton Planters are invited to visit the Farm at the Etiwan Works of the Sulphuric Acid and Super-Phosphate Company, about three miles from the city, to see the cotton produced by their Fertilizers. The seed was planted on the 22nd of April, and the forms on many of the plants exceed eighty; and on one plant one hundred and sixty-two were counted. The attention of visitors is particularly called to the fact that the Etiwan Fertilizer, No 1, which consists of Super-Phosphate alone, shows finer cotton than No. 2, which is mixed with Peruvian Guano; and also than that portion which has been manured with Peruvian Guano alone.

on the [illegible] which have paid two annual premiums, and the same is available on such policies at next renewal to absorb loans, or reduce cash payments.

The dividend could have safely been larger, but with the

PRUDENCE AND CAUTION

which has ever guided this company, it has deemed it proper to hold a surplus beyond the reserve fund.

The company is now only in the *eighteenth* month of its active operation—yet

HAS ISSUED 3,000 POLICIES

S. B. SEXTON'S CELEBRATED

PATENT BALTIMORE PARLOR HEATERS AND GAS BURNERS,

for Anthracite or Bituminous coal, have been in successful operation for the last ten years, and have proved to be the best Fire-place Heaters manufactured and put in operation. They are getting to be generally used, often in the place of furnaces, for heating the lower and upper rooms in dwellings and offices. Two or three Stoves heating the largest dwellings, and besides, are quite ORNAMENTAL and ILLUMINATING, having all the beauty and cheerfulness of an open grate fire, but are more ECONOMICAL, CLEANER, and RADIATING A LARGER AMOUNT OF HEAT. We can refer to thousands of families who have them in use.

We manufacture our own COOKING STOVES, and we guarantee them to be equal to any sold for *baking and cooking*. We have Stoves to take in long *wood* and with *large ovens*, and are *superior Stoves for baking*. We are getting out some new patterns of Cooking Stoves, that will burn *Bituminous coal, hard coal, or wood*. They will have a beautiful finish, and will stand among the No. 1 Cook Stoves. Our Cooking Stoves are Baltimore made, and we guarantee the plates. Our Cooking Ranges are pronounced the best and cheapest in the market. Baking of all kinds can be done in our Ranges as quickly and equally as well as in a Brick oven. We will manufacture S. B. SEXTON'S new patent Hot-Air Furnaces, warranted to burn from 20 to 30 hours with once filling.

Thankful to our friends and the public for their past favors, we solicit a continuance of their patronage.

Charlotte, N. C. President.

NOTICE.—

We hereby notify the public that, from and after this date, we employ no agents for the sale of

Gregory's Dyspeptic Mixture,

Neither are we in any way interested parties with us. We are the inventors, sole proprietors, and only manufacturers of the GENUINE ARTICLE, and our individual signature accompany each bottle—and all orders and remittances must be made to Drs. W. W. & R. E. GREGORY, at Charlotte, N. C.

In assuming the entire charge of this invaluable remedy, we present it to you in a new dress, and have reduced the price to $1 50 per bottle, to bring it within the reach of all. In the pamphlet which accompanies each bottle will be seen the certificates of the most distinguished physicians, judges and divines, in the State, and we only ask for it a trial, that dyspeptics may be convinced of its curative virtues.

A liberal discount to the trade.
